

## SEA Ambassador

### Overview

A SEA Ambassador is a SEA faculty member that partners with SEA staff to disseminate information about the SEA. For example, HHMI has called upon a number of SEA faculty members to present about the SEA at local and national meetings that are focused on advancing undergraduate science education (e.g. NABT, ASM-CUE, ABLE, NC3ABI, Bio-Link).

If you would like to be called upon when such opportunities arise, please let us know by filling out the form below. For more information, contact Vic Sivanathan (Program Officer) at [SEA@hhmi.org](mailto:SEA@hhmi.org),
